SLUTOUS' AGM / AGT - '97 BLOWS AT RAJARATA

Almost an year after the last AGM, it is time once again for us to have this important annual event for 1997. After many long years we are having it at Rajarata which has a significant place in our countrys' history and which is now proud to have a conventional University that has come into being quite recently. For this year we have the pleasure of having the UGC chairman Prof. S. Thilakarathne as our guest of honour and the Vice Chancellor of Rajarata University, Prof. Siriweera as a special guest to grace this occasion. A lapse of few years may not have left our memories dead of the Annual get together (AGT) which we used to have along with the AGM whenever the situation warrants to do so. Along with "Gallents" from Kandy with their scintillating music, the event is going to give us a real occasion for entertainment to make '97 memorable. We present the AGT this time with the kind sponsorship from Precision Tech Services (PVT) Ltd (Sole Distributors for HP Computers). We appreciate all the efforts taken by Mr. Upali Wanigasekera in his capacity as chief organizer with the assistance from Mr. D.S. Perera and Mr. S.K. Senevirathne to have this occasion at the auditorium of the National Youth Centre, Anuradhapura.
